Date: 26 August 2020

To whom it my concern,

Horsford A140 Cromer Road – Road and Roundabout Resurfacing Scheme

Norfolk County Council is going to complete road resurfacing works on the A140 Cromer Road Roundabout and A140 Holt Road, Horsford. See attached plan *PMB067-HPD-0100-001A Site Location Plan*. The carriageway works are currently programmed to start on the 5 October 2020 and are expected to take around 5 consecutive nights (7pm – 6am) to complete.

The works will see the old worn out road surface completely removed and replaced with a new smooth surface.

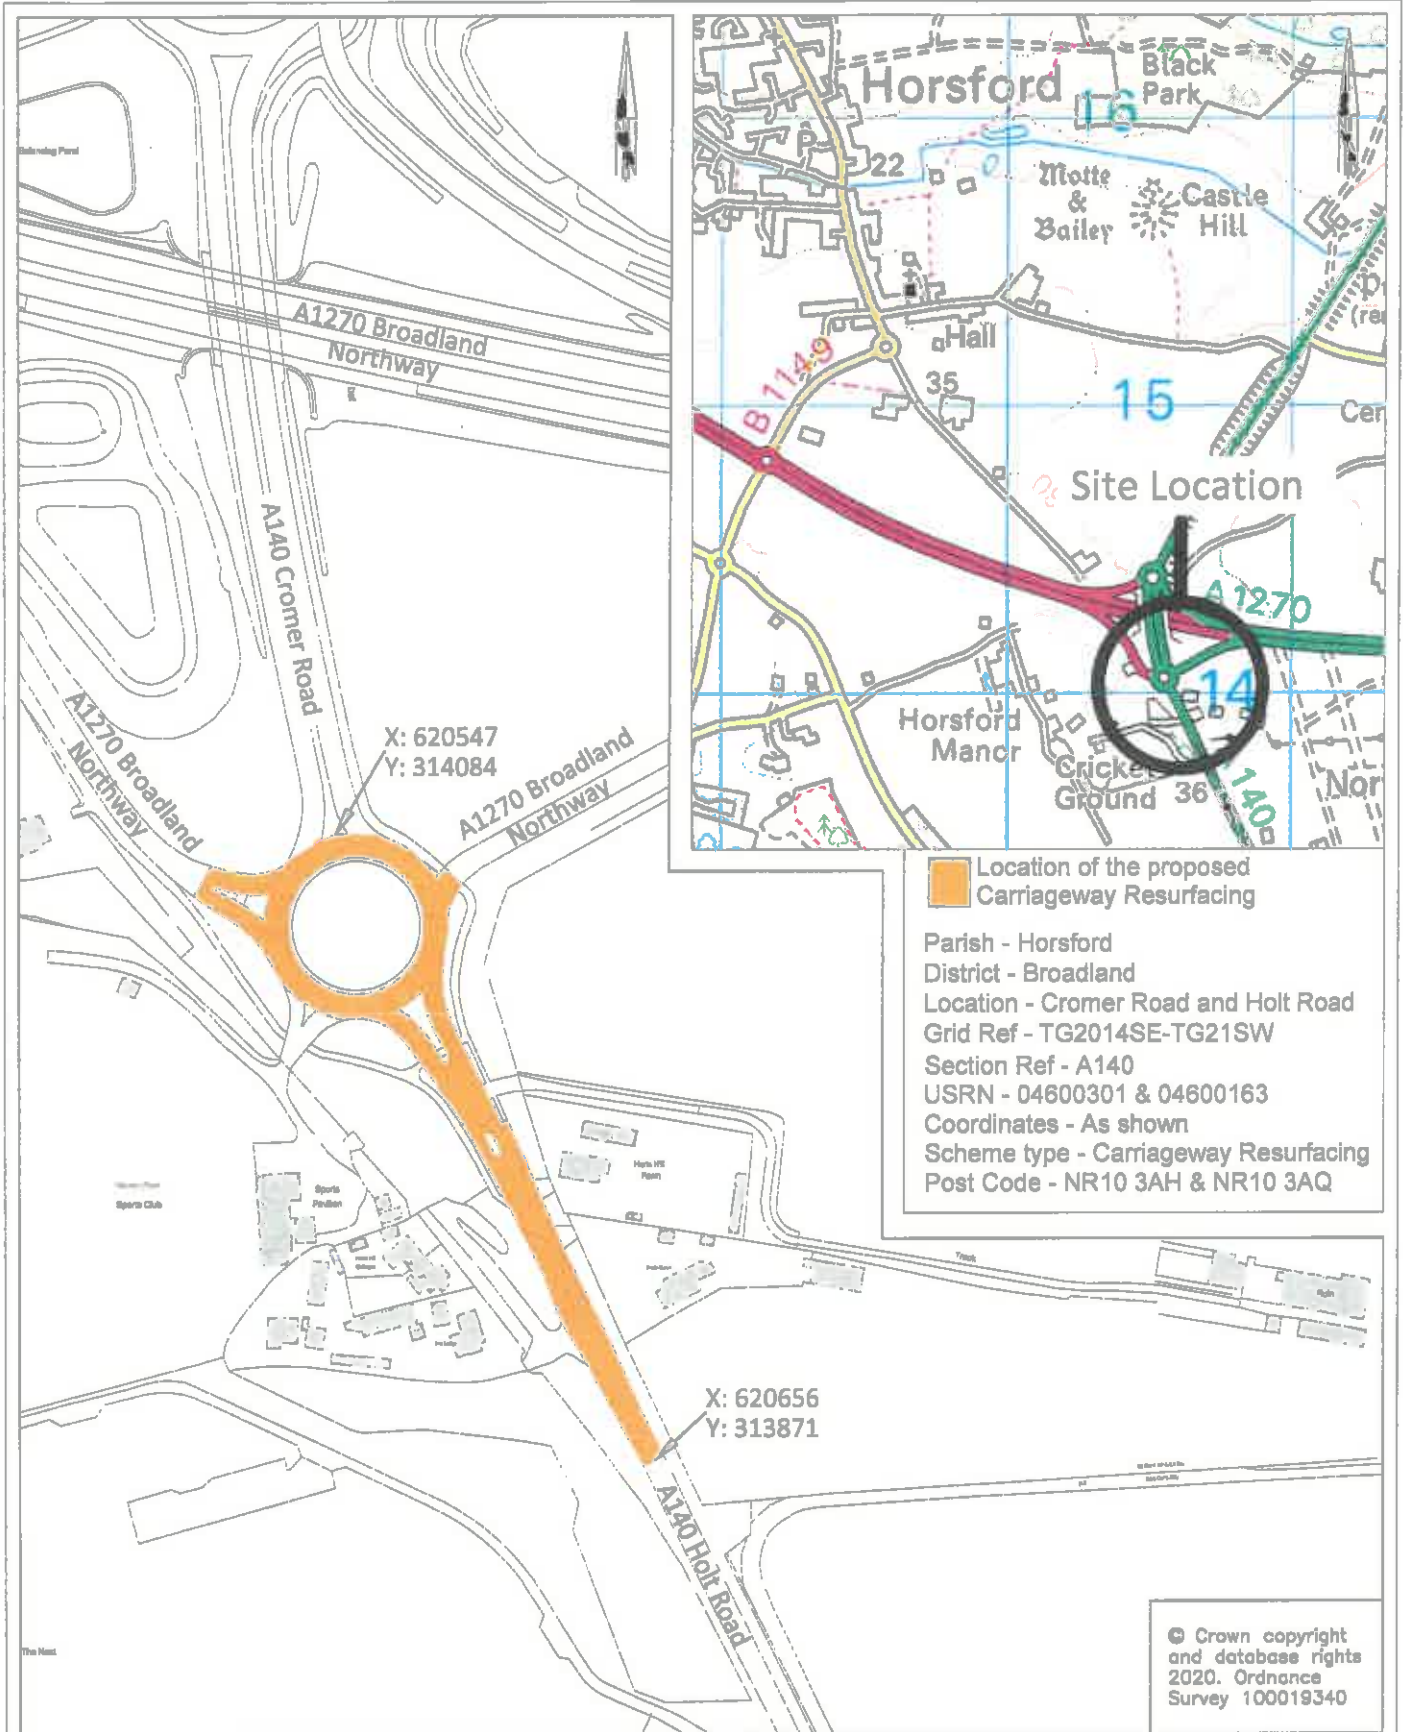

During the works a road closure for through traffic will be required from 7pm – 6am each night (The road will remain open as normal 6am – 7pm). A signed diversion route will be in place during the works. The road closure is essential to ensure the works are conducted in a safe and efficient manner. I have attached two plans; PMB067-HPD-0100-001A, showing the extents of the works and PMB067-HPD-0100-002, showing the official traffic diversion route.

We will try to reduce the impact on the road network as much as possible, and will ensure the loudest works will be completed before 11pm to minimise disturbance. We are grateful for people's patience while this road surface improvement work takes place. If access for Emergency Services or residents is required, the site staff will ensure access past the works.

The road resurfacing works will be carried out by Norfolk County Council's Community and Environmental Services Department and their contractors.

If you have any queries, please do not hesitate to contact me on the details above.

Yours Sincerely
Elliott Cox GMICE
Technician

Location of the proposed Carriageway Resurfacing

Parish - Horsford
 District - Broadland
 Location - Cromer Road and Holt Road
